

## **Obama & Baldwin won – We all lost!**

Twenty two of Wisconsin's 57 counties that voted for Obama in 2008 voted for Romney/Ryan in 2012. Unfortunately, Door County was the only northeast Wisconsin county to reelect Obama and send Tammy Baldwin to a junior seat in the U.S. Senate; a seat from which she'll rubberstamp Obama's plans to downsize our military, erode religious freedom, mortgage our future, grow our government, and launch Obamacare a program the Supreme Court called "the largest tax levy in American history."

As democrats took victory laps, the DOW dropped 312 points, another 121 Thursday, and over 800 point by the end of the first week. Even the main-street media blamed Obama's reelection for the market slide and devaluation of IRA's and 401K's. Companies that held cash economists predicted would be invested in job creation if Romney/Ryan were elected moved quickly into gold, silver, and offshore investments to hedge the inflation we'll now face when Obama uses executive orders to bypass congress and move the U.S. closer and closer to European Socialism.

Christians, patriots, taxpayers and economists sighed as they realized the battle to put God back into government, backbone back into our military, and our economy back on track was lost. Catholics now face the reality their charities, hospitals, homeless shelters, food pantries, and retirement communities will be fined for refusing to violate their faith and commitment to defend the unborn from abortion and the elderly from euthanasia. Our military has lost their chance to replace a Commander who's ready to retreat from the war on terror with a leader mission-ready to protect and defend our freedom.

According to Reuters, within hours of reelection, Obama ordered our UN delegation to fast track the International gun control treaty which in effect will provide the UN a vote on our second amendment. Obama's history of turning our national security over to the UN and his failure to act decisively in Egypt, Libya, Iran, and North Korea has emboldened terrorists and will soon have us at the brink of WWII.

Tammy Baldwin's campaign funding from the American Atheists and Freedom from Religion Foundation (FFRF) should have alerted Democrats to the position she'll take when the FFRF's law suit against the Green Bay Dioceses arrives in court and their letter requesting Obama to drop religion from his presidential oath hits the media. Considering the DNC voted three times to exclude God from their national platform, it'll be no surprise if Obama ignores God the first day of his next four years.

In 1944, Norman Mattoon Thomas a leading American socialist, pacifist and six-time presidential candidate for the Socialist Party of America said "The American people will never knowingly adopt socialism. But, under the name of 'liberalism,' they will adopt every fragment of the socialist program, until one day America will be a socialist nation, without knowing how it happened." He went on to say: "I no longer need to run as a Presidential Candidate for the Socialist Party. The Democrat Party has adopted our platform." We can only hope he was wrong!
